Soapbox racing

Ultimate team race

The soapbox race not only guarantees fun, but is also a real challenge for the whole team. Divided into groups, they build their own soapbox together, which is then of course also driven live on the race track. This soapbox can then be kept as a souvenir or donated to a charitable organization. Because just like in racing, the same applies here: Only those who are in the right place at the right time can win and do something good at the same time.
