

Sundowner Sail

From the meeting onto the water

Sparkling water, the tickling of the wind, the white sails in the wind, nature experiences on the lake and on the shore as well as the warm community on board - sailing awakens emotions. Cast off your lines and treat your team to an exclusive sundowner cruise on the calm waters under the orange sky in the evening.

Start at our own boathouse at Marbach Castle and look forward to a special event that provides inner balance after an input-rich day.
